Whilst this is a little more tedious a process than the others, it's likely going to give you the more detailed information. Wilds have had a serious glow-up over the years, though, I can tell you that. There are now loads of variations, and I'll get on to discussing the various types later. There's not one set icon or symbol to find here, and they usually link in with the theme of the slot.

How to Play Royal Reels

Among the oldest symbols featured on the initial slot machines were card suits, a Liberty Bell, and a Horseshoe. These were later joined by symbols such as the Bar, Lucky 7s, Four Leaf Clover, and card symbols like Jack, Queen, King, and Ace. If a player lands a winning combination that would typically yield \$30, a 5x multiplier would elevate the payout to \$150. Yes, as well as the basic type of symbol for wild features, you may also come across others such as stacked wilds, sticky wilds, expanding wilds, and more. The way they work is explained in each slot's paytable or rules section. When playing some card

games, the Joker can be used to replace other cards or is classed as the most powerful card in games such as euchre and war.

It's initiated by landing a Pea symbol, which is not your conventional scatter or bonus symbol but a feature trigger in itself. When a Pea symbol appears on a reel, a mattress is placed above that reel. Accumulating four mattresses above any reel triggers the Royal Wild feature. Special icons are crowns and gemstones that offer extra features. The most valuable icon in Royal Reels slot is a diamond, offering 500x for five of a kind.
